JT Folding Doors
Available in many styles and glass types for both interior and exterior uses. The ideal system for opening up dining & entertaining areas in homes, restaurants, hotels and resorts.

Let the outdoors in with our beautiful, solid wood JT Folding Door collection. If you are looking to open up your home to commanding views and expand your living space, JT Folding Doors are the perfect application. Folding doors provide obstruction-free views that standard swinging or sliding doors cannot, and have expansive openings to accommodate large gatherings. They also work very well indoors as large room dividers. You can specify raised/flat panel doors, specialty glass or a combination of both to create your own special look!

Stainless steel high-speed precision bearings make for quiet, effortless operation.

Oak wood sills (shown above), aluminum sills and floor channel systems available.
